Annual Science Fair 2022

Mr. Refayet Kabir

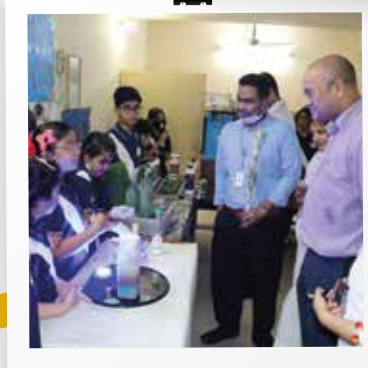

Head of the English Department

"Like all other avenues, Sunshine's commitments extend to science and technology too", says Sameer Ghazi Rahman, Principal of Sunshine Grammar School and College, while inaugurating the day-long Science Fair at Sunshine Grammar School & College. He fondly remembers Sunshine's various steps towards developing an intelligent society based on science and technological advancement. He reiterates the fact that a lack of knowledge in the fields of science may impede our development. "A good knowledge of science is crucial to face the challenges of new millennia", says Mr. Rahman before declaring the Science Fair open.

Sunshiners of different classes showcased their projects in various stalls extending on three floors of Sunshine Grammar School Campus. Smart City, use of renewable energy, water cycle, harvesting rainwater, pyramid construction theory, irrigation system, solar & wind power to produce electricity, robots, bouncing eggs, making periscopes, projectors, water coolers from household items, using thrown away plastic bottles to make ceiling fan, digital water level monitoring and flood forecast system, air cooling system without electricity, a model of James Web telescope are a few of the more than hundred projects on exhibition.

The youth not only displayed their projects but also explained every scientific theory they followed in creating their projects. They were also swift to answer queries from visitors. Hundreds of people from all walks of life visited the day-long fair. They marvelled at the innovative ideas of the students and thanked the authorities for arranging such a creative event.

Mr. Biplob Bhattacharya (Senior Teacher, Department of Physics) and Mrs. Parveen Akhter Khan, (Senior Science Teacher) were in charge of organizing the event. At the same time, Mr. Prabir Biswas (Head of Physics) looked after the management. Dr Sujit Das (Head of Biology), Mr. Refayet Kabir (Head of English), Mr. Nurul Azim Shahed, Mr. Shushanta Das & Mrs Amna Harun from Mathematics, Chemistry and Biology departments, respectively, were in the judges' panel.

Middle Section Annual Picnic

Ms. Fyruz Jannat

Middle Section of Sunshine Grammar School (classes IV-VI) enjoyed their day-long thrilling Annual Picnic on the 17th of November 2022 at Matita, Bhatiyari.

Students, accompanied by their teachers, started off their journey by bus from the school premises to Matita. All of them were welcomed by the instructors of Matita, who were also their guides for the day. All the students were divided into several groups and each group was assigned with a student leader.

Throughout the day, students were engaged in outdoor activities, which started with trekking through the forest trail. Students actively participated in human foosball, ziplining, tug of war and several other outdoor activities. They laughed their heart out while jumping on the trampoline, having fun with their friends. The scenic beauty itself was a refreshment for all. After the tiring activities, students loved having their buffet lunch. They spent their evening by being a part of many interactive sessions. After having the evening snacks, they bid them goodbye and started their journey back towards the school where they sang and danced throughout the journey.

To conclude, the students exclaimed, 'This is the best picnic we ever had. It was amazing!'

Auction for Charity

Mr. Anwar Shahadat

Head of the Business Department

On the 3rd of November, the Business Department of Sunshine Grammar School organized an auction at the Sunshine auditorium to raise charity for treating children suffering from leukaemia at Chattogram Medical College Hospital CMCH).

Amongst the goods auctioned for this noble cause, many were creations of the Sunshiners, including a portrait of Quranic calligraphy, hand-made cars, decorated bookmarks, etc. Students from Play-Group to A' Levels and their parents enthusiastically participated in the charity event. They did not hold back from raising their bids for the offered products.

In total, TK 38000 was raised and the collected funds have been handed to the relevant authorities of CMCH by Sunshine Charities (CSR arm of Sunshine Education).

World Cup Day

Ms. Pragga Das

Sunshine Education celebrated the fun-filled World Cup day on the 29th of November 2022, Thursday.

On that day, students from Play Group to A' levels and teachers were dressed up in their favourite team's jerseys. The school premises was decorated with flags of different countries. The most exciting segment of the day was that students were engaged in playing friendly football matches in the Sunshine multipurpose field. Rafael Rebeiro and the respective class teachers monitored the football game. The games were thrilling and breathtaking. It was a sportive and joyous day.

1st ICT Olympiad

Mr Jamir Ahmed

Head of ICT

Sunshine Grammar School hosted the first Intra-school ICT Olympiad on 27th October 2022.

All the students from Grade I to X were categorised accordingly into three age groups. Category 1 composed of students from grade I to III, Category 2 included students from grade III to VII and Category 3 participants were students from grade VIII to X. A total of 150 students participated in this Olympiad. The program was held in the school hours at the Sunshine auditorium. It started with the distribution of customised kits for all the participants, followed by the Olympiad and was wrapped up with the award giving ceremony for the highest achievers. The Champion, 1st Runner-Up and the 2nd Runner-Up from each category was awarded with a medal and a certificate.

This Olympiad was introduced to encourage students to engage themselves more into co-curricular activities and for building a sense of competition within them. Sunshine Grammar School hopes to introduce and reinforce further Olympiads in near future.

Category	Champion	1st Runners Up	2nd Runners Up
