Unireo – GEE Scholarship

Global Education Expert, the study abroad initiative of Sunshine Education, has launched the '**Unireo-GEE Entrance Scholarship**' in collaboration with Unireo Educational Services Malaysia. This external scholarship has been created with the objective of promoting higher education in Malaysia to students from Bangladesh. Value of the Unireo-GEE Entrance Scholarship range up to \$600 for degree programs and \$1000 for MBBS. The Unireo-GEE Entrance Scholarship is open for students who plan to study in the following Malaysian universities: * Sunway University * UCSI University * Multimedia University * Asia Pacific University of (APU) * Universiti KL * Management & Science University (MSU) * INTI International University * University of Cyberjaya * Limkokwing University.

The agreement was signed by Dato Gandesan (Director, Unireo Educational Services, Malaysia) and Sameer Ghazi Rahman (Director, Sunshine Education, Bangladesh) on behalf of their respective organizations. All students applying for the noted Malaysian universities via Global Education Expert for the academic intakes up to February 2023 will automatically be a recipient of the Unireo-GEE Scholarship.

Sunshiners in the News

Forbes 30 under 30 - Asia 2022

Congratulations to Sunshine Alumni, Jawad Jahangir, on being placed among the select group of trailblazers in the prestigious 'Forbes 30 under 30 - Asia 2022' by leading US business magazine Forbes in the category of "Social Impact" for his transportation start-up venture named Shuttle.

Jawad is the co-founder of Shuttle (web: <https://www.shuttlebd.com>), which is a mass-transit startup based in Bangladesh that provides safe transportation at an affordable price by moving more people with fewer vehicles and caters to both B2B & B2C customers.

SAARC Brilliance Award 2022

Congratulations to Sunshine Alumni, Dr. Nazmus Sakib (MBBS, MD, Ph.D.), on receiving the "South Asian Regional Countries Brilliance Award 2022" for his tremendous wholehearted contribution to the health sector of Bangladesh and China during the pandemic. The award has been conferred to him by The World Book of Star Records, Vaikalpik Chikitsa Paddhati Sanstha and Tourism Board of Nepal on 16th April 2022. He was selected for this prestigious award out of 6500 nominations from the various member nations of SAARC.

SI Scholarship for Global Professionals

Sunshine Alumnae Tanzil Ferdous has been awarded the fully funded "SI Scholarship for Global Professionals" at the prestigious Uppsala University in Sweden (2022 US News World Rank # 113).

This competitive scholarship is only provided to only 350 candidates every year out of thousands of applications from across the world. The objective of the SI Scholarship for Global Professionals is to develop future global leaders that will contribute to the United Nations 2030 Agenda for Sustainable Development.

2022 US News World Rank - 108

Unireo Founder's Note:

Mohamed Nathersha

A global graduate for a globalised world!

Through the rapid development of technology and globalization, the world is becoming a one place. In today's world, globalisation is a crucial concept for students in higher education to learn and value, because business and industry demands that they hire people who can collaborate with people from different countries and cultures and build lasting relationships that work globally.

During your study abroad, every other day in a new country is a learning for you!

Studying abroad in a multicultural environment will enable you to reach your full potential every day, from adjusting to living in a new country to achieving excellence academically.

Studying abroad empowers you to improve your language skills, get an appreciation for diverse cultures, navigate the difficulties of living abroad, and broaden your perspective on the world.

The soft skills you will learn during abroad along with your academic credentials will single you out to employers around the world as someone with enthusiasm to learn and grow, a talented graduate with the right skills and exposure, who understand the culture of other countries and is able to forge new business links.

At Unireo, I help students to gain a global education, matching knowledge and skills to the 21st century needs and making our leaders (you) of tomorrow highly competent and competitive. I wish you all the best!
